

RESOURCE ORDER FORM

Licensing Information

Our Training Kits are an inexpensive quality way in which to deliver ongoing professional development to your staff. All of our Training Kits are sold with one-off licenses. That means if you purchase a kit (\$550 inc GST), you may use the resource for delivery of training to all staff employed within your organisation.

All kits are provided on a CD containing an electronic copy of all resources for re-print purposes. There are no ongoing license fees.
